Beginning next fall, eighth grade students will be able to apply to multiple CPS high schools using just one single application. Previously, students applying to multiple high schools had to fill out separate applications for each school. The new single application simplifies the process for students and parents.

Students can explore different programs and schools, choose the schools that best fit their academic needs, then fill out just one application. It’s that simple!

Parent informational meetings will begin in August.

High school application available November 1st.

Check out www.cpsoae.org for updates on the new single application process throughout the summer.

HAVE A FUN & SAFE SUMMER!

*All participating schools and programs will have the same application deadline.
