20 Years of Legacy!

Legacy Charter School is proud to celebrate 20 years of educating K-8th grade scholars in the North Lawndale community. As a public charter school, Legacy attracts scholars and families from across Chicago. Since our first graduating class in 2012, our brilliant scholars have attended some of the best high schools and colleges. Every Legacy scholar has the potential to achieve greatness. However, like scholars throughout the country, they need the support of their entire village to reach their fullest potential. We invite you to invest in our future leaders by supporting Legacy Charter School scholars today.

Our mission is to be an outstanding center for teaching and learning for children and their families that recognizes and nurtures the full potential of every child, provides a foundation for a college education, and educates our scholars to be creative and critical thinkers and responsible citizens in school, at home, and in the broader community.
